### DETAIL ACTION

1. Application's election without traverse of Group I (Claims 1-9) drawn to a semiconductor device is acknowledged for prosecution in the subject application. Accordingly, claims 10-17 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Applicants have the right to file a divisional application covering the subject matter of the non-elected claims.

2. This application is in condition for allowance except for the following formal matters:

The specification is objected to for the following reasons.

- The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed (see MPEP § 606.01).
- On page 12, lines 24 and 25, and page 13, line 2, the specification includes incorrect reference sign 'connecting portions 24'. It should be 'connecting portions 21'. Correction is required.

3. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

4. When responding to the office action, Applicants' are advice to provide the examiner with the line numbers and page numbers in the application and/or references cited to assist the examiner to locate the appropriate paragraphs.
